

Do you really need the glasses?

Absolutely Not!

Vibrante | 3DX-24A

Autostereoscopic 3D HDTV

Vibrante

A 3D HDTV Masterpiece

Introducing the innovative Vibrante 3DX, the world's first Autostereoscopic HDTV's. Powered by RADEON and enhanced by Roxio's CinePlayer 3D, this amazing family of HDTV's will quickly become the most viewed objects in your life.

The Vibrante family of Autostereoscopic HDTV's delivers new dimensions in picture depth with action that literally leaps off the screen. Enjoy the superior picture quality and brilliant color of Full HD 1080p resolution in every 3D image, without ever putting on a pair of glasses!

Vibrante | 3DX-24A

ACX has gone to great lengths to form strategic alliances with hardware / software companies that display and embrace the same enthusiastic pursuit of excellence in improving our customer's experiences with products and services that are next to none. Through these relationships with AMD and ROXIO, technological as well as practical achievements have contributed to the creation of the Vibrante 3DX family of Autostereoscopic HDTV's!
